

Cloud Careers

Interested in working in the fast-growing Cloud Computing sector?

Information Evening
Wednesday 15th February at 6pm
VMware, Ballincollig, Cork

This highly successful programme provides job-seekers with:

- Training in key skills sought by employers across 9 modules
- International accreditation recognised by the software and ICT industry
- High quality work-experience as support engineers in a dynamic organisation
- Real job opportunities after completing the programme
- Free programme for job-seekers who meet qualifying criteria

We are also interested in hearing from job seekers with **German language** skills

To book a place on the free information evening call
